The one - 1/1

Interprété par Elton John.

I saw you dancing out the ocean
Running fast along the sand
A spirit born of earth and water
Fire flying from your hands

In the instant that you love someone
In the second that the hammer hits
REality runs up your spine
And the pieces finnaly fit

And all I ever needed was the one
Like fredom feels where wild horses run
When stars collide like you and I
No shadows block the sun
You're the one

There are caravans we follow
Drunken nights in the dark hotels
When chances breathe betweel the silence
Where sex and love no longer gel

For each man in this time is cain
Until he walks along the beach
And he sees his future in the water
A long lost heart within his reach

And all I ever neede was the one
Like freedom feels where wild horses run
When stars collide like you and I
No shadow block the sun
Oh,you're all I've ever needed
Ooh,baby you're the one (4 fois)
