

Telling lies - 1/1

Interprété par David Bowie.

Gorgeous girls are bound to meet
To talk of stars and kings and feet
Through the chromosomes of space
and time
Me, I'm fast like bad infection
Gasping for my resurrection
Swear to me in times of war and
stress
Telling Lies
Telling Lies

Oo - Ah visionary
Oo - Ah visionary
Feels like something's gonna happen
this year

Shadow falls on shrinking smile
See me poised at the happy games
Standing in the mouth of all that's
pure
Come straggling in your tattered
rainments
Come to me in tears and blame
I'm the future, I'm tomorrow, I'm the
end
