

## Pressure on Julian - 1/1

**Interprété par Blur.**

only the magical transit children sing, sing the lullaby bah bah  
bah,  
sitting on the pavement sucking on a long straw, it's colourful,  
it is colourful, but it washes you out.

here is my violence and here is the excuse, i learnt it all but  
only second hand  
falling into walls well, what is it with you, you'd never know,  
never know, never know.

(chorus)  
we planned it all this way, we planned it all this way  
pressure on julian

swimming in yellow pissy water, sand getting in between the ears  
so blood in head in this bloody weather, irritate people with  
yellow tongues

only the magical transit children sing, sing lullaby bah bah bah  
falling into walls, well what is it with you, you'd never know  
never know, never know.

chorus

(there was pressure on julian, pushing trolleys in the car park  
from b to a then back to b, pressure on julian, he keeps passing  
out, poor little snout, the birds are singing at night, pressure  
on julian)

falling into walls well, what is it with you, you'd never know,  
never know, never know.

chorus

(there was pressure on julian, pushing trolleys in the car park  
from b to a then back to b, pressure on julian, he keeps passing  
out, poor, precious little snout, the birds are singing at night,  
pressure on julian)
