

I'm just a killer for your love - 1/2

Interprété par Blur.

I heard a man who had no lungs
he took me in and made me lunch
He told me how I'd lost my friend
He smiled at me it was the end
I said

I'm just a killer for your love (X4)

I cut my hair off in the road
I take my coat off dropped my load
I wipe my hands on the grass
Coz I know that nothing ever lasts
And I said

I'm just a killer for your love (X4)

Look Inside America

Good morning lethargy
Drink pepsi is good for energy
The bath's on, smoke in the bedroom
Sore throat and on my neck a nasty bruise
Where it came from, well I don't know
We played last night, it was a good show

Got the play out, second rate chatshow
It's a nation wide deal, so you gotta go
Chuck from the company says it will be alright
Got an ad on KROQ
And there's an in-store tonight
Well I build things up
Then I let them go
Got to get time share on the radio

Look inside America, she's alright, she's alright
Sitting out the distance
But I'm not trying to make her mine
Looking for America
With its kooky nights and suicide
Where the TV says it's alright
Coz' everybody's hung up on something or other

Steppin' off in 20, so the driver says
I should sleep tonight
But I think I'll watch videos instead
Annie Hall leaves NY in the end
Press rewind and Woody gets her back again

I'm just a killer for your love - 2/2

And the whole world could pass through me
But I don't know if it means much to me

Look inside America
She's alright, she's alright
Sitting out the distance
But I'm not trying to make her mine
Looking for America
With its kooky nights and suicide
Where the TV says it's alright
Coz everybody's strung out on something or other

And the whole world
Could pass through me
But I don't know if it means much to me
