

Body brain - 1/2

Interprété par Anouk.

Well you know I've got this problem '
Cause there is you
No matter how I try to tell you you just can't see
Oh no, I won't get through

You've got a body and a brain

Instead of pointing to another
Take a look at yourself
Why don't you just use that thing inside you head
And try to tell me why

You've got a body and a brain
You're free to speak, could you explain
The reason for your narrow mind
You're thinking medieval times
Your ignorance just gets you scared
Of everything and I don't know
Which way the wind is blowing
Hoping it will blow your fears away

I'm sure I'll never solve this problem
But I hope you will
I'll speak my mind and tell you
Time and time again
Though I won't get through

You've got a body and a brain
You're free to speak, could you explain
The reason for your narrow mind
You're thinking medieval times
Your ignorance just gets you scared
Of everything and I don't know
Which way the wind is blowing
Hoping it will blow your fears away

Blow your fears away

Time and time and time and time again
But I can't get through baby
Let me explain

You've got a body and a brain
You're free to speak, could you explain
The reason for your narrow mind
You're thinking medieval times
Your ignorance just gets you scared

Body brain - 2/2

Of everything and I don't know
Which way the wind is blowing
Hoping it will blow your fears away
