

Brazen - 1/1

Interprété par Skunk Anansie.

I called you brazen
Called you whore right to your face
And watched you silently
And publicly disgraced I didn't notice
When you strengthened like a vice
That you were trembling
And burned beneath the ice
Why don't you weep
When I hurt you ?
Why don't you weep
When I cut you ?
You don't bleed
And the anger builds up inside
Why don't you weep
When I hurt you?
Why don't you weep
When I cut you ?
You don't bleed
And the anger builds up inside
You said a prayer
And I betrayed you with a kiss
I never realized that all
Had come to this
So keep your dignity
Don't throw it all to waste
Stronger feelings
Than you've ever learned to face
