

## Cruel - 1/1

**Interprété par Tori Amos.**

So don't give me respect don't give me a piece of your preciousness  
Flaunt all she's got in our old neighbourhood I'm sure she'll make a few friends  
Even the rain bows down let us pray as you cock-cock-cock your name  
No cigarettes only peeled Havanas for you

I can be cruel  
I don't know why  
Why con't my ba.ll.oo.n stay up in a perfectly windy sky  
I can be cruel  
I don't know why

Dance with the Sufis celebrate your top ten in the charts of pain  
Lover brother bogenvilla my vine twists around you need  
Even the rain is sharp like today as you sh-sh-shock me sane  
No cigarettes only peeled Havanas for you

I can be cruel  
I don't know why  
Why con't my ba.ll.oo.n stay up in a perfectly windy sky  
I can be cruel  
I don't know why
