Ha Ha, Ha Ha
Laugh out loud
Ha Ha, Ha Ha Ha
Laugh out loud

Could it be, I left my mother, and my father, and my sister
Looking for a job to pay the rent and buy my dinner
Found it, soooo boring
You see my life revolved around a long time lover
Music was his game I had no time or any other, interest
This was my whole life

You cant sing
If you wanna make a lady
Stop dreaming, I'm some little girl
I wouldnt listen to them sayin'
I just kept smiling, all had me singin' now

1-2, Whats a girl to do?
I said 3-4, I'm gonna laugh some more
C'mon 5-6, Gettin' a stitch
You never know you'll never ever break me baby

1-2, Whats a girl to do?
I said 3-4, I'm gonna laugh some more
C'mon 5-6, Gettin' a stitch
You never know you'll never ever break me baby

Now at times I use find myself involved with another
Strobing to try and beat the game without going under
Slowly...yeah time's still going
I cant believe the way some people want to start love is,
To try and take your sense of pride
Must be fulfillin' if you've got no feelin'

You cant sing
I thought I already told yo that
Stop dreaming,
Now get yo'self back into class
Can't you see, whatever you are trying to achieve
Results in nothin'

1-2, Whats a girl to do?
I said 3-4, I'm gonna laugh some more
C'mon 5-6, Gettin' a stitch
You never know you'll never ever break me baby

You never know you'll never ever break me

As I laugh, ha ha, you can kiss my ass
Ah- you guys thought I live a non-existant life
Thats right, you thought I might not make it on my own
I got my own car, gold card, took on my own home

Gotta get back to livin' my dreams
Those ambition I had to achieve
Try to ruin me, you cant cool me down son
I'll prove you wrong, I'll sing my song
When you pass, I'll do a lap

If bring me me down
I'll just laugh out loud
Start to laugh a little harder mummy
...On the run
As I laugh out loud

1-2, Whats a girl to do?
I said 3-4, I'm gonna laugh some more
C'mon 5-6, Gettin' a stitch
