Electronic performers - 1/1

Interprété par Air.

We are the syncronizers Send messages through time code Midi clock rings in my mind Machines gave me some freedom Synthesizers gave me some wings They drop me through twelve bit samplers We are electronic performers We are electronics

We need to use envelope filters To say how we feel Riding on magnetic waves We search new programs for your pleasure I want to patch my soul on your brain BPM controls yoour heartbeats We are the syncronizers We are electronic performers
