

# Goodbye To The Circus - 1/1

**Interprété par Aqua.**

It's time now to turn of the light  
this has been such a beautiful night  
We have served you a lot of delights  
and some really wonderful sights

My friend, this is the end  
so long and see you soon again  
Bye bye, kissing you hi  
someday we will be back together

Goodbye to the circus  
we hope you enjoyed the show  
now it's nearly at the end  
but it will be back, you know

It will be back, you know, It will be back, you know

You have given us all of the best  
your are beating inside our chest  
Staying with us as time has gone by  
Gave us hope when tide was high

My friend, this is the end  
so long and see you soon again  
Bye bye, kissing you hi  
someday we will be back together

Goodbye to the circus  
we hope you enjoyed the show  
now it's nearly at the end  
but it will be back, you know

The band played on, from dusk to dawn  
and time is almost gone  
The beat goes on, it's almost done  
this music marathon

We will be back, you know, we will be back, you know
