

## Warriors - 1/2

**Interprété par Freedom Call.**

We are warriors,  
born from the light  
An army for freedom,  
defenders of life

At night, high up in the heavens we fight  
Faster than lightning we strike  
Like fires that rip through the night  
Surrounded by light

Raging thunder in the skies  
Time has come to sacrifice

[We are warriors,  
born from the light  
An army for freedom,  
defenders of life  
Warriors,  
euphoria will rise  
Returning from darkness  
we bury all lies

All the knights,  
outcast and lost in the skies  
Returning to heaven denied  
Louder than thunder we ride  
We're ready to strike

Call for us and you will survive  
Follow us to paradise

We are warriors,  
born from the light  
An army for freedom,  
defenders of life  
Warriors,  
euphoria will rise  
Returning from darkness  
we bury all lies

Here we are,  
the warriors of light  
Here we are,  
we came from the night  
Here we are,  
the warriors of light  
Here we are,
