

We Fuck The World - 1/1

Interprété par Les Guignols De L'info.

Here comes the time
When we'll need a real change
When the world must come together at one

There are people dying
And we don't care about
We try to make a better world
For me... and me

Refrain:
We fuck the world
We fuck the children
We fuck the world, the forest and the sea
So let us doing

We make our own business
Just for the U.S.A.
And swore destroying your planet
To make money

Refrain:
We fuck the world
We fuck the children
We fuck the world, the forest and the sea
So let us doing

There are people dying
And we don't care about
We try to make a better world
For me... and me

We work for the beauty of America
