

Imagine That - 1/1

Interprété par R Kelly.

Close your eyes now relax your mind
Now I want you to picture yourself far, far away from here
I don't want you to have a care in the world right now
It's just you and me and this moment
Quiet...listen

Baby take your mind into a zone
Imagine that we're all alone
Two ways off and our friends are gone
Now picture you and me getting' it on
Take my hand and come with me, let's indulge in fantasies
Cast your cares and worries and slowly fall into this ecstasy

I'm gonna rub your body so baby just relax
You've been pourin' out your lovin' and now its time to pour it back
Imagine that

Imagine That, Imagine that, Imagine that, Imagine, Imagine that
All night long
Me strokin' your body imagine that
Imagine That, Imagine that, Imagine that, Imagine, Imagine that
Whip cream and strawberries you know what I mean
Imagine That, Imagine that, Imagine that, Imagine, Imagine that
Candles and oils surrounding the bed
Imagine That, Imagine that, Imagine that, Imagine, Imagine that
And me kissing your body from feet ta head....imagine that

We don't have to talk
Lay your body here and watch my fingers walk
Take a second and imagine the opportunity
You and me sharin' sexual energy
Now girl just meditate on you bein' in this chair
Now close your eyes and act like we're not even here, girl

I'm gonna rub your body so baby just relax
You've been pourin' out your love and now its time to pour it back
Imagine

Imagine That, Imagine that, Imagine that, Imagine, Imagine that
Me strokin' your body imagine that
Imagine That, Imagine that, Imagine that, Imagine, Imagine that
Strawberries andwhip cream you know what I mean
Imagine That, Imagine that, Imagine that, Imagine, Imagine that
Candles and oils surrounding the bed
Imagine That, Imagine that, Imagine that, Imagine, Imagine that
And me kissing your body from feet ta head....imagine that
