I am lost in the see-thru
I think you lost yourself too
Throughout all of this confusion
I hope I somehow get to you
I practiced all
The things I'd say
To tell you how I feel
And when I finally
Get my chance
It all seems so surreal
'Cause from the first
Time I saw you
I only thought about you
I didn't know you
I wanted to hold onto
The things you'd
Never say to me
'Cause you said

You can't change
The way you feel,
I could never do that,
I could never do that,
But you can't tell me
This ain't real
'Cause this is real,
And you would see
Right through that,
In the end it's all I've got,
So I'm gonna hold onto that,
So I'm gonna hold on
And on and on and on,

Now you've got me
Watching your eyes,
Got me waiting just to see,
If it goes the way it never will,
Your eyes are watching me,
And now you've got me
Thinking 'bout,
The first time that I met you,
Standing in a crowded room,
But I could only see you,
And now I hope my
Words will get through,
'Cause now I can't forget you,
I want to tell you,

If I could only reach you,
And make you feel this way
But you said

You can't change
The way you feel,
I could never do that,
I could never do that,
But you can't tell me
This ain't real
'Cause this is real,
And you would see
Right through that,
In the end it's all I've got,
So I'm gonna hold onto that,
So I'm gonna hold on
And on and on and on
