

## Walk By - 1/2

**Interprété par Good Charlotte.**

She walks down to  
The store at eight  
The devil walks with her and  
He thinks she's great,  
When she looks at me,  
I don't know what I saw,  
I think he's tryin' to  
Make me his son in law

When she walks by  
Walks by  
Walks by  
She walks on by,  
Egos fly  
When she walks by

She caught my eye  
On October 9th  
22 days before Halloween,  
How did I know  
She'd be my evil queen

When she walks by  
Walks by  
Walks by  
She walks on by,  
Egos fly  
When she walks by

My mother warned me  
Against girls like you  
She said stay away  
From them son  
You know they're not true,  
All they're gonna do  
Is put you under a spell  
She told me,  
When you're fallin' down  
You're going straight to hell

When she walks by  
Walks by  
Walks by  
She walks on by,  
Egos fly  
When she walks by
