

Wondering - 1/2

Interprété par Good Charlotte.

If you want me to wait
I would wait for you
If you want me to stay
I would stay right through
If you don't wanna say
Anything at all
I'm happy wondering

Go!

Yeah, yeah

Since I was a young man
I never was a frontman
I never had a plan and no security then
Ever since I met you
I never could forget you
I only get you right here next to me

Cause everybody (a-whoa-oh-oh)
Needs someone that they can trust in
And you're somebody (a-whoa-oh-oh)
That I found just in time

If you want me to wait
I would wait for you
If you want me to stay
I would stay right through
If you don't wanna say
Anything at all
I'm happy wondering

Now my life is changing
It's always rearranging
Always gettin' stranger than I thought it ever could
Ever since I found you
I wanna be around you
I wanna get down to the point that I need you

Cause everybody (a-whoa-oh-oh)
Needs someone that they can trust in
And you're somebody (a-whoa-oh-oh)
That I found just in time

If you want me to wait
I would wait for you
If you want me to stay

Wondering - 2/2

I would stay right through
If you don't wanna say
Anything at all
I'm happy wondering

Go!

Yeah, yeah
Yeah, yeah

Don't tell me
The bad news
Don't tell me anything at all
Just tell me
That you need me
And stay right here with me

If you want me to wait
I would wait for you
If you want me to stay
I would stay right through
If you don't wanna say
Anything at all
I'm happy wondering

If you want me to wait
I would wait for you
If you want me to stay
I would stay right through
If you don't wanna say
Anything at all
I'm happy wondering
