

Killian's Red - 1/2

Interprété par Nadasurf.

I'm putting this night down to bed
'Cause I was sitting at the bar
Hoping you'd walk in the door
That says killian's red
'Cause I left you a note that said
Come on out and we'll both get
Right off of our heads
And float up off the chair

We'll go on vacation tonight
Under a sun of neon light
And I almost love this town
When I'm by your side
You woke me from a long sleep
And I'm almost back
Closer than ever
To finding the hidden track
If I told you the truth
You wouldn't like what I said
I almost believed I was dead
There'll be no more waiting
You're gonna melt all the ice in our heads
There'll be no more crying
You're gonna make it all better instead

I'm putting this night down to bed
'Cause I was sitting at the bar
Hoping you'd walk in the door
That says killian's red
'Cause I left you a note that said
Come on out and we'll both get
Right off of our heads
And float up off the chair

I get secrets at night
But they don't stay
I get secrets at night
But they go away

We'll go on vacation tonight
Under a sun of neon light
And I almost love this town
When I'm by your side
You woke me from a long sleep
And I'm almost back
I'm closer than ever
To finding the hidden track
