

Curiosity - 1/1

Interprété par Jennifer Lopez.

There's a feeling deep within me
I can't describe
Like drifting carelessly
It's a boundless kind of freedom
That's in this world
I step in every night

Some strange blend of fear
And curiosity
Is travelling with me
I often can't recall
Where I've been the night before

This is like a big illusion
So real to us
It's getting hard to leave
This is like a big illusion
So wonderful

Sometimes I don't know
Have I seen the light?
Or have I just lost my way

Some strange blend of fear
And curiosity
Is travelling with me
I often can't recall
Where I've been the night before

This is like a big illusion...
