

## That's What You Said - 1/2

**Interprété par Phil Collins.**

I remember the night you weren't at home  
(had to work late is what I heard)  
That's what you said -  
I can never forget the way it felt,  
you needed time some time to work it out,  
that's what you said  
and now I feel a fool.

'Cos late at night I call your name,  
I'm wondering what for,  
'Cos I've seen those other guys  
sniffin' around your door.

Whatever happened to the words  
'Lovers for all eternity'?  
That's what you said,  
I was your Romeo, you were my Juliet,  
eternally -  
that's what you said  
and now I feel a fool.

'Cos late at night I hear your voice  
calling out my name,  
oh I know it's just a dream  
but every night's the same.

I carried a torch for you, through the thick and thin -  
you know it don't seem right that I won't see you again  
No no

Late at night I call your name,  
I'm wondering what for,  
'Cos I keep seeing those other guys  
sniffin' around your door.

I carried a torch for you through the wind and rain -  
I'll never forget you, but I won't see you again  
No no

I thought your friends all liked me  
I thought I fitted in just right,  
that's what you said.  
Soon I'll be gone and you'll be free,  
you can go find the things you want.  
That's what you said  
and I won't feel a fool

## That's What You Said - 2/2

'Cos late at night I still call your name,  
I'm wondering what for -  
'Cos I keep seeing those other guys  
sniffin' around your door.

What for?
