

## My Window - 1/2

Interprété par Save The Last Dance.

[CHORUS:]

I can't travel my block  
And I can't have no picnics  
The sun don't shine  
But still it's hot  
And you tellin' me "Stop trippin'"  
When you walk outside  
You see the view  
But the world gets  
So so beautiful,  
Forgot my pretty lie  
My pretty lie  
My pretty lie  
Shots fired on 17th I know  
Some guy it ain't surprisin'  
I'm thinkin' of ways when I  
Can change my environment  
And I work two jobs every day,  
Eh yeah eh  
It seems like the struggle  
Just ain't worth my pain  
So onto the next little hustle  
May take in my name clean  
For my peeps to  
Stay outta trouble  
What's goin' on?  
What's goin' on?

[Repeat chorus]

Every night and  
I think of everyday  
What that brother Marvin  
Used to say to me  
And I tell me if  
I had one wish  
It would be just this  
That when I turn  
The TV off at night  
I can kiss your fine eyes

[Repeat chorus]

Now they tell me a lot of things  
They say I'm supposed to  
Be a little more grateful  
But I know the story's just

## My Window - 2/2

Like Cain and Abel uh uh oh  
And to me it don't seem different  
I'm not changed  
You dreamt of changing  
And you change my ways

[Repeat chorus]
