

## Save Me - 1/1

**Interprété par Remy Zero.**

i feel my wings have broken in your hands  
i feel the words unspoken inside  
and they pull you under  
and i would give you anything you want, but know  
you were all i wanted  
and all my dreams are falling down  
crawling around and around

somebody save me  
let your warm hands break right thru and  
save me  
i don't care how you do it  
just stay, stay  
oh come on  
i've been waiting for you

i see the world has folded in your heart  
i feel the waves crash down inside  
and they pulled me under  
i would give you anything you want, but know  
you were all i wanted  
and all my dreams have fallen down  
crawling around around

somebody save me  
let your warm hands break right thru  
somebody save me  
i don't care how you do it  
just stay, stay  
come on  
i've been waiting for you

and all my dreams are on the ground  
crawling around around

somebody save me  
let your warm hands break right thru  
somebody save me  
i don't care how you do it  
just save me  
i made this whole world shine for you  
just stay, stay  
oh come on  
i'm still waiting for you
