

## Do What You Do - 1/1

**Interprété par Jermaine Jackson.**

I don't mind  
Why don't you what you do  
When you did what you did to me  
Love was so good that it filled up all my needs  
I was crazy for you  
You were crazy for me

How could something so right go so wrong  
My love, sweet love

Why don't you say what you say  
When you say what you said anymore  
Your eyes couldn't lie, so long goodbye  
Close the door  
I was crazy for you  
You were crazy for me

Tell me something I didn't do

Why did someone else have to pull you through  
Did they steal you away like a thief in the night  
love like this must take flight

why don't they play what they played  
On the nights you danced with me  
Remember the one we made love to endlessly  
I was crazy for you  
You were crazy for me

Why don't you what you do when you did what you did to me  
Do what you do when you did what you did to me  
Do what you do when you did what you did to me  
Do what you do when you did what you did to me
