

## Last Temptation - 1/3

Interprété par Ja Rule.

(feat. Charli Baltimore)

[Ja Rule]

Yeah, yeah, heh

You feel that

Can you feel that

Yall cant feel that, heh, yeah

We gonna do it like this

Real old school, shit

Take them back to the parks and shit

Do it like, we used to do it, you know

DJ Irv days, and shit

[Chorus]

Lets all get high, get out, feel free tonight

Temptations, is tempting

To have the time of your life

Lets all get high, get out, feel free tonight

Temptations, is tempting

To have the time of your life

[Ja Rule]

Come on y'all, tonight somebody sho nuff

Gon' tear the club the fuck up as soon as I hit the scene

All eyes on us, mean, and so vicious

A good nigga, bad intentions

Not to mention, them 12 engine benzes with fish lenses

We park right out front

To handle our business

The broads on the way in

Showin a little attention

Like, i fucked before but aint never call

Thats life you either love to live it

Or just live it, i live it to the limit

Champaigne finish gangsta

Image, platinum shades swingin

Then i do that 2 step that niggaz do

We dont really dance

We just rub the dick on the ass

And fill the glass with nothin but ??

And if they pop it gettin the poppin with me

Get my niggaz tonight baby, lets partaay!

[Chorus]

[Charli Baltimore]

Yo, uh

Chuck never the rider, gotta play  
Passenger side beside them, whoa  
Gotta be controllin when I'm rollin  
Weed niggaz swollen, cock blocker  
Hands on my knockers, he feelin them poppers  
But Chuck never givin it up, livin it up

[Chorus 1x]

[Charli Baltimore]
