

Key To My Heart - 1/1

Interprété par Craig David.

Lonely hours, lonely days,
Never meant to drive you away from me,
I shoulda listened to ya lady and what you had ti say, if only...
I never knew how much you feel for somebody after you've let them go (let them go)
And you find out that it's too late to let your feelings show (feelings show)
And even though i've done u so wrong
Don't you know, like i know, baby...

You see you've got the key to my heart, girl
Unlock me and take all my feelings apart
Coz when u said you had to leave, had to go away,
You closed the door on me; you threw away the key...

I'm starting ove; I'm feeling down,
Still can't believe that you're not around.
I shoulda been there for you, baby...
But now I'm crying on this melody tonight...

I didn't realize that there is no other remedy to end this pain (end this pain)
But if you come back in my life then maybe I can start to live again (live again)
And even though you're being so strong
Don't you know, like I know, baby...

You see you've got the key to my heart, key to my heart girl
Unlock me and take all my feelings apart
Coz when u said you had to leave me, had to go away,
You closed the door on me; you threw away the key...

And everyday and night I'm thinking about you constanttly
Now I know for sure how much you really mean to me, yeah
Sometimes i get a rush and i se, how we were ment to be, lady...

You see you've got the key to m' heart, key to my heart girl
Unlock me and take all my feelings apart
Coz when u said you had to leave me, had to go away,
You closed the door on me; you threw away the key..
