

# I Could Stay Here Forever - 1/1

**Interprété par Frank Black.**

See the scheming behemoth  
Licking salt in their cave  
Being together is their zenith  
It's how they behave

Now we're hanging in tandem  
Six trillion miles a year  
How can direction be random  
When you are so near

I could stay here forever  
I could stay here forever  
And I'm never bored with this all aboard  
I could stay here forever

We've got some bills to pay  
And when we pay them off  
Maybe we'll get away  
But if not, so what?

I could stay here forever  
I could stay here forever
