SELF DESTRUCT

Watch me suffer
You'll feel better
Stick the needle in my vein
Lost my feelings with my dealing
Thoughts of only you remains
Fuck
Rip and tear
In my despair
Agonizing over shit
Feel the needle burn and tingle
My bad habits deal with it
Fuck
I will self destruct
My light has slowly faded
Broken and degraded
Suffocate in my sorrow
Maybe i'll die tomorrow
This riot that i've sited
Came to you uninvited
Truth hurts when it's in your face
Are you afraid of it?
Fuck
I will self destruct
I think i'm gonna think i'm gonna..
I will self destruct
