

Out Of Patrol - 1/1

Interprété par The Offspring.

Look at you soldier buy now
With that big gun your little hand
As you patrol this foreign land
Hear the mine that clicks beneath your feet

How do you see the light
Fading while your world is crumbling
Out of patrol
And all you can do is sit and stare
What revelation have you now
What culmination to your speck of life
Your moment in time

As your sit here all alone
Will your buddies come and save your life
But as the enemy appears
See your life flash before your eyes
