

On My Side - 1/1

Interprété par Eskobar.

If you can't stand to fall
you should not stand at all
if you can't be small you
should not be at all
why always try to be the sun up in the sky?
if you are strong
show me you're weak sometimes

On my side you and me girl
close your eyes
rest your soul
don't tell me where
and I won't follow you
in to the night
and then you're gone
