

Sun In My Eyes - 1/1

Interprété par Eskobar.

sorry you betrayed me
worried you enslaved me

it goes on and on on and on again
let's get those mountains alive now
looks like my walking will come back to him
seems like it's never gonna pass

and I
walked on with the sun in my eyes
for you
and I
see there's no reason to try
and I
I stand here with nothing to hide
for you
and I don't want to say good bye
