

## On The Ground - 1/1

**Interprété par Eskobar.**

When you see a man, let him be what he's gotta be  
'Cause one time is all that he needs  
I know for all, is you got to believe in love

Sky above water, they're always the same  
Sons and daughters, they're always the same

Always the same

And I never found you on the ground  
And I never made a sound  
'Cause you were much too busy being free  
No time to be with me

And I never found you on the ground  
And I never made a sound  
'Cause you were much too busy being free  
No time to be with me

Hold on to posture and strangers  
Hold on to posture and pride
