

## After Time - 1/1

**Interprété par Era.**

Hey, I'll brake the chains  
That bind your face.  
Hey, alone to touch  
The sweet and readies...

After time...  
After time...  
After time...

Hey, the walls are burning,  
Close your eyes.  
Hey, and don't to lie  
Before we face...

After time...  
Be too late...  
After time...

Hey, I'll brake the chains  
That bind your face.  
Hey, alone to touch  
The sweet and readies...

After time  
After time  
After time...

Hey, the walls are burning,  
Close your eyes.  
Hey, and don't to lie  
Before we face...

After time  
Be too late  
After time
