

## Distant Sun ( Crowded House ) - 1/1

Interprété par Ks Choice.

Tell me all the things you would change  
I don't pretend to know what you want  
when you come around and spin my top  
time and again, time and again  
No fire where I lit my spark  
I am not afraid of the dark  
Where your words devour my heart  
and put me to shame, put me to shame  
When your seven worlds collide  
whenever I'm by your side  
the dust from a distant sun  
will shower over everyone

Still so young to travel so far  
old enough to know who you are  
wise enough to carry the scars  
without any blame, there's no one to blame

It's easy to forget what you learned  
waiting for the thrill to return  
feeling your desire burn  
and drawn to the flame

the dust from a distant sun  
will shower over everyone

And I'm lying on the table  
washed out in a flood  
like a Christian fearing vengeance from above  
I don't pretend to know what you want  
but I offer love

Seven worlds will collide  
whenever I'm by your side  
the dust from a distant sun  
will shower over everyone
