

You Never Know - 1/1

Interprété par The Goo Goo Dolls.

You never know
some folks think the world just moves too slow
But was it you?
Who told me I'm your everything

Chorus:
You hit me like I never felt before
Hit me like a sucker punch, you're rotten to the core
You know you hit me like I've never felt before
Silly for the last time

You never take
A promise from a man who sheds his skin
You had to wait
For my achin' heart to break

Chorus

Oh, everyone gets angry
I feel it when you're holdin' me
But in the right place, at the right time, to the right degree
It's a breeding ground
For the pain i've found
From dealin' with your scene
And you know that ain't easy
