

## Deciever Of Fools - 1/1

**Interprété par Within Temptation.**

He told the tale so many times  
About the dream not meant to be  
In a world of the free  
He plays with your mind

As faith for the future faded fast  
He grows strong with their displeasure  
It sets him free

Deceiver of hearts  
Deceiver of fools  
He rules with fear  
Deceiver of hearts  
Deceiver of fools  
He rules again

He feeds on fear  
Poisons the truth  
To gain their faith  
To lead the way  
To a world of decay
