

## Caged - 1/1

**Interprété par Within Temptation.**

These are the darkest clouds  
To have surrounded me  
Now I find my self alone caught in a cage  
There's no flower to be found in here  
Not withering  
Or pale to me  
Everyone with a friendly face  
Seems to hide some secret inside

He told me he loved me  
While he laughed in my face  
He just led me astray  
He took my virtue  
I feel so cold inside  
Sorrow has frozen my mind

My heart is covered  
With thoughts entangled
