

# I Got You - 1/1

**Interprété par Nick Carter.**

I want to thank you  
for all the things you've done  
the most for choosing me to be the one

It's funny how life can take new meaning  
You came and changed what I believe in  
The world on the outside's tryin to pull me in  
But they can't touch me  
cos I've got you

and it hits me when I reach for you  
that I'm afraid you won't be there

Baby I am in too deep  
but I don't care  
I'm right where I belong  
I got you
