

Be Quiet And Drive - 1/1

Interprété par Deftones.

This town don't feel mine
I'm fast to get away far
I dressed you in her clothes
Now drive me far away it

Away, away, away

Feels good to know you're all mine
Now drive me far away
I don't care where just far away

Away, away, away

Far - away
I don't care where just far - away
I don't care where just far - away
I don't care where just far - away
I don't care
