

Denial, Revisited - 1/2

Interprété par The Offspring.

So, here we go
having the same old fight again
so, there she goes
same old game that never ends

If I could say
oh, the right words I know I
could make you stay
if I could say
oh, the right words,
things would work out all right

And if you go
I won't believe
that it's for ever
And you can go
but I'll never leave
cause it's not over

Replay last night
talking it out, don't make it right
I know she's tried,
my hole world is her and all we've got now

And if you go
I won't believe
that it's for ever
And you can go
but I'll never leave
Cause it's not over
I know it will be
different this time
if you just stay

And when we wrote this story,
how did it end ?
it was you and me for all our lifes
Come on, don't say it
we'll try again
and if I just hold you
we could last but
she stands softly,
tears down her face
hitting me, oh, God, this is the end
I'd waiting for you
but there's nothing more now
I can do
