

You Give Me All I Need - 1/1

Interprété par Scorpions.

New love is blind
Why don't you see
You hurt me inside, you're killing me
It makes me sad all the time
To see you around with all these guys
My heart's in pain
I need you so
My love's the same
So please don't go

You give me all I need
You give me all I need
You give me all I need
You give me all I need

Let's try again
There's still romance
We'll start a new life, take a chance
There are so many ways
Please don't forget it anyday
My heart's in pain
I need you so
My love's the same
So please don't go

You give me all I need
You give me all I need
You give me all I need
You give me all I need

You give me all I need
You give me all I need
You give me all I need
You give me all I need
