

Another Piece Of Meat - 1/1

Interprété par Scorpions.

Met her down at that Tokyo place Loved her pretty face I said: "Hey, you're alright, so alright!" I was sitting in her car She told me: "You're a star and I know you."

She said: "Take me home.
I need love so strong
Come on and knock me out, oh!
Knock me out
I've been too long alone
I want hot love, you know, and I need it now!"

She said: "Hey, let's go, don't put on a show You're just another piece, another piece of meat" She said: "Hey, let's go, don't put on a show You're just another piece -- Another piece of meat."

Next day she took me out
To a rough kick boxing show
Violence really turned her on, oh no
She was screaming for more blood
Loved it more than any drug I couldn't stand it

I said: "Hey, let's go, don't put on a show You're just another piece, another piece of meat" Said: "Hey, let's go, don't put on a show You're just another piece --Another piece of meat."
