

2 get over you - 1/2

Interprété par No Angels.

Verse 1

The sky has quite a different shade of blue
Don't see no storm-clouds rollin' into view
There's something different in the air tonight
There's nothing missin' and I feels alright

Bridge 1

What's come over me - I'm getting stronger every day
A new awakening - I wanna celebrate

Chorus

No - more tears to cry
Now - I feel free inside
I - I've made up my mind
2 get up, 2 get out, 2 get over u
do - what you wanna do
Say - what you gotta say
I'm - finally on my way
2 get up, 2 get out, 2 get over u

Vers 2

For so long I only blamed myself
Locked my love away inside a shell
Afraid to try, afraid to give again
No way, no how was someone getting' in

now I realize - My life's about to start
I just needed time - to open up my heart

No - more tears to cry
Now - I feel free inside
I - I've made up my mind
2 get up, 2 get out, 2 get over u
do - what you wanna do
Say - what you gotta say
I'm - finally on my way
2 get up, 2 get out, 2 get over u
