

When You Came Into My Life - 1/2

Interprété par Scorpions.

You give me a smile
A piece of your heart
You give me the feel I've been looking for
You give me your soul
Your innocent love
You are the one I've been waiting for
I've been waiting for
I've been waiting for

We're lost in a kiss
A moment in time
Forever young
Just forever, just forever in love

When you came into my life
It took my breath away
Cause your love has found its way
To my heart

You make me dream
By the look in your eyes
You give me the feel I've been longing for
I wanna give you my soul
All my life
Cause you are the one I've been waiting for
I've been waiting for so long

When you came into my life
It took my breath away
And the world stopped turnin' around
For your love
When you came into my life
It took my breath away
Cause your love has found its way
To my heart
Into my heart

Just forever in love

When you came into my life
It took my breath away
And the world stopped turnin' around
For your love
When you came into my life
It took my breath away
Cause your love has found its way
To my heart
