Interprété par 112.

Here we are all alone

You and me, privacy
And we can do anything
Your fantasy
I wanna make your dreams come true
Can you hear?
She's calling me
Between your legs
Loud and clear
I wanna talk back to her
Make love to her
I wanna hear you scream my name
1 - We can make love in the bedroom
Floating on top of my waterbed
I'm kissing you
Running my fingers through your hair
In the hallway making our way beside the stairs
We can do it anywhere
I can love you in the shower
Both of our bodies dripping wet
On the patio we can make a night you won't forget
On the kitchen floor
As I softly pull your hair
We can do it anywhere, anywhere

Anywhere - 2/3

I love the way your body feels
On top of mine so take your time
We've got all night
Girl, you know
I like it slow
And I know you like it too, baby
Please don't stop I feel it now
You feel it, too
You're shivering
Ooh, you're pulling me close to you
Just let it flow
There's no other place to go
