

## Nowhere To Run - 1/1

**Interprété par J.J Cale.**

Nowhere to run, nowhere to hide  
No way to relieve this feeling inside  
You done gave me them blues and then you took a ride  
Left me with nowhere to run, nowhere to hide  
Shame, oh shame, on what you do  
Can't you see that I, I, I, been feeling so blue  
Cast a spell on me, then you took a ride  
Left me with nowhere to run, nowhere to hide  
Pardon me, if I sound so sad  
I can't get to you when I want you so bad  
You done gave me them blues, then you took a ride  
Left me with nowhere to run, nowhere to hide
