

# Don't Go To Strangers - 1/1

**Interprété par J.J Cale.**

If I'm standing in a crowd, call my name, call it loud  
Don't go to strangers, woman, call on me  
Wave your arms in the air, let me know that you're there  
When in doubt, oh woman, call on me  
Don't leave me here to rust, don't let me turn to dust  
Oh, woman, when in doubt, call on me  
If I'm standing in a crowd, call my name, call it loud  
Don't go to strangers, woman, call on me
