

Whatchulookinat - 1/3

Interprété par Whitney Houston.

male intro:

It's time for you to strike back
They're lookin' at you
Whitney Houston
Muhammad 2 G
They're watching your every move

Whitney speaking:

Bobby
male:
They're watching you

Chorus:

Why you lookin' at me
Don't get mad at me
'Cause I'm still gonna be (me)
(Tell me, Tell me, Tell me)
Whatcha lookin' at
(Tell me, Tell me, Tell me)
Whatcha lookin' at
I feel your eyes on me
You've been telling lies on me
(Tell me, Tell me, Tell me)
Whatcha lookin' at
(Tell me, Tell me, Tell me)

See I don't understand
Why you keep peepin' me
When you don't even like me
You're after me and my man
Don't think you're stressing me
'Cause your life don't excite me,
no no

(Never thought)
Never thought, Never thought
(Never knew)
Never knew that you would do
this to me
Do this to me
(Try to ruin me) Ruin me
(Be my enemy) Be my enemy
(Never thought)
Never thought, Never thought,
Never thought
(That you) That you
Would act as if you're cool (with) me

Whatchulookinat - 2/3

So why you lookin' at me

Why you lookin' at me
(Don't get mad at me)
Don't get mad
('Cause I'm still gonna be)
Gonna be me
(Tell me, Tell me, Tell me)
(Whatcha lookin' at)
Me, Me, Me
(Tell me, Tell me, Tell me)
(Whatcha lookin' at)
Tell me whatcha lookin' at
(I feel your eyes on me)
Feel your eyes
(You been telling lies on me)
Telling lies
(Tell me, Tell me, Tell me)
Tell me
(Whatcha lookin' at)
(Tell me, Tell me, Tell me)
Whatcha lookin' at

Oh you know you're wrong
You don't wanna respect my song
But it's okay 'cause either way
My following is real strong
You try so hard to show
the whole world what I do
Now I'm turning the
cameras back on you
Same spotlights,
the ones who gave me fame
Trying to dirty up Whitney's name

(Never thought)
Never thought, Never thought,
Never thought
(Never knew)
Never knew that you would
do this to me
Do this to me
(Try to ruin me) Try to ruin me
(Be my enemy) Be my enemy
(Never thought)
Never thought, Never thought,
Never thought
(That you) That you
Would act as if you're cool with me

Whatchulookinat - 3/3

Why you lookin' at me

Chorus (2x)

Messing with my reputation
Ain't even got no education
Trying to mess with my concentration
Don't even have a clue
of what I'm facing
All you know you need to stop it
Deep in their minds
they thought I dropped it
God is the reason my soul is free
And I don't need you looking at me

Chorus (2x)

oh lawd, oh lawd

Whatcha' lookin' at?
I see your eyes on me
You been telling lies on me

male:
Look at yourself
