

See The Lights - 1/1

Interprété par Simple Minds.

Summer's gone winter's in your eyes
I can feel the thunder storms inside
I wake every morning and the cold winds cover me
All I've got's a ghost of what could be

If you can see the lights shine in front of me
If you can see the lights shout out where you'll be

I'm in a broken dream I stare out into space
You know I called you up cos nothing takes your place
I've got a heart of stone and it's sinking deep inside
I want to tell you love I'm too proud to cry

If you can see the lights shine in front of me
If you can see the lights shout out where you'll be
Summer's gone and I can't tell you lies
Oh forgive me love I'm too proud to cry

If you can see the lights shine in front of me
If you can see the lights shout out where you'll be
Summer's gone and I can't tell you lies
Oh forgive me love I'm too proud to cry
Too proud to cry

Too proud to cry

Too proud to cry ...
