

## Liberate - 1/2

**Interprété par Slipknot.**

Liberate - My madness  
(One of me, all of you)  
Liberate - My madness  
I just want to...  
Section off myself  
Put a wall up - What the hell have I done  
Keep the dog at bay  
Survive by saving me!  
Values and the game  
Not fuck up - not a part of your lie  
I am one, I am all - I'm above and beyond!  
Back off of the shit  
Stand off or I'll spit  
So soft, you forget  
Your garbage in is garbage out  
You don't give a shit  
I won't play the fit  
Get off, get on this  
Your garbage in is garbage out  
Liberate - My madness  
(One of me, all of you)  
Liberate - My madness  
I just want to...  
I am not ashamed  
What is vital, isn't always humane  
You can break in vain  
But you can't break away  
Even in my face  
Lotta bullshit, not a lotta the truth  
I can't see from here  
But I can smell the fear  
Back off of the shit  
Stand off or I'll spit  
So soft, you forget  
Your garbage in is garbage out  
You don't give a shit  
I won't play the fit  
Get off, get on this  
Your garbage in is garbage out  
Save - you're such a slave - I don't expect a Name  
You don't care - I wasn't witness - I can't be a part of a system such as  
this - Hard eyes - Glow right - In my - Darkness - Again  
With the sickness, rengine sisters, blisters, Salivate, litigate, liberate,  
madness, sadness, Fuck this - How long have I had this?  
I don't need this - Outta my business  
Insert, engage, betrayed, MY GOD  
FRAUD
