

## Caught Out There - 1/2

Interprété par Kelis.

Last year  
Valentines day  
You would just warmly say  
Babe I love you  
Love you  
And I swear  
Held you when you were sick  
Even sucked your dick  
The whole time I think to myself  
This isn't fair  
What is this I see?  
You don't come home to me  
When you don't come home to me  
Can't deal  
Can't bear  
You keep telling me lies  
But to your surprise  
Look I found her  
Red coat  
And your bitch caught out there

Chorus:

I hate you so much right now  
I hate you so much right now  
Ahhhhhhhhhhhh!  
I hate you so much right now  
I hate you so much right now  
I hate you so much right now  
Ahhhhhhhhhhhh!  
I hate you so much right now

So sick of your games  
I'll set your truck to flames  
And watch it blow up, blow up  
Tell me  
How you gonna see her now?  
So far from sincere  
Fabrications in my ear  
Drive me so far up the wall  
I come sliding down  
What is this I see?  
You don't come home to me  
When you don't come home to me  
I can't deal  
Can't bear  
You keep telling me lies  
But to your surprise

## Caught Out There - 2/2

Look I hope your happy  
Since your caught out there

(Chorus)

She's so raunchy  
So vulgar  
Not me  
Why the hell her  
She dresses a mess  
What do you see?  
It's not all about cash  
Nor how much flash  
How I dress is a reflection of me  
What is this I see?  
You don't come home to me  
When you don't come home to me  
I can't deal  
Can't bear  
You keep telling me lies  
But to your surprise  
I've got something for ya'll  
Since your caught out there

(Chorus)
