

Someone to Love - 1/2

Interprété par Bad Boys.

By Jon B

[Jon:]

Don't even like to think about
I don't know what I'd do without it
I only know I'll live & not be for your love
Baby you came to me
in my time of need
When I needed you
you were there for me
Baby the love from you
is what got me through
It's because of you, I was able to
give my heart again
You gave me....

[CHORUS:]

Someone to love
Someone to touch
Someone to hold
Someone to know
Someone to love
Someone to trust
Someone to hold
Oh, someone to know

[Face:]

I thought I'd never love again
I thought my life was over, and..
I didn't wanna face or even see another day, baby
Suddenly from nowhere
baby, you appeared
You dried my tears
You cared for me
Maybe your love for me
truly rescued me
It's because of you, I was able to
fall in love again
You gave me someone....

[Chorus]

[Jon:]

For so long in my life
I wouldn't let love inside
But I swallowed my pride

Someone to Love - 2/2

the day you arrived

[Face:]

And now with you by my side

everything is all right

It's because of you, I was able to...

[Jon:]

...Give my heart again (girl)

And you gave me someone to love

and you gave me someone to love

You gave me someone to love

Someone to know

And you gave me someone to love

and you gave me someone to love

You gave me someone to love

Someone to know

[Chorus w/ad-libs to fade
